

**DOW Chemistry Classroom Workshop 2018 :
Small Scale Chemistry Teaching in Schools and MyLab Kit Program**

February 7, 2018

Room Conference 5

The 60th Anniversary of His Majesty the King's Accession to the Throne
International Convention Center, Hat Yai, Songkla, Thailand

The workshop will involve the introduction of small scale chemistry technic and its approach as an alternative way to conduct chemistry experiments. The participants will have the opportunity to do 10 experiments and learn the benefits in many aspects of using this approach in doing chemistry.
